

School District of Menomonee Falls 7-12 Music Department
2021 District Solo & Ensemble

Due to the pandemic and discussion with the district administration, the Menomonee Falls 7-12 Music Department will be providing the 2021 Solo & Ensemble Festival typically held in March in a different format this year. Students can prepare music and participate in the WSMA (Wisconsin School Music Association) festival in lieu of our in-house festival. The WSMA is holding a virtual festival this year and our students would participate in Cycle 2 - February to April with State Solo and Ensemble being in late April/early May.

More information can be found at <https://wsmamusic.org/virtuallfestival/>. Students will not be required to participate in the festival but it is open to any students who are interested. This festival does require performing music from a specific list that can be accessed through your music director at school. The event listing numbers can be found by clicking the links:

Band
